

If there is one weapon that will give you the '**edge**' in the AI world, it is...

VIKRAM'S ENGLISH ACADEMY

ICSE ENGLISH VIII, IX, X

VIKRAM'S ENGLISH ACADEMY

In the Age of Science, the most powerful force isn't Science itself -
It's the art of communication.

Today, ideas matter only when the world can understand them, feel them, and act on them. AI has amplified this truth. Technology now responds not just to commands, but to how we frame them - our clarity, our context, our intent.

Once, communication was only between people.

Now, it is between people and technology, and between people through technology.

That is why the defining skill of the modern world is Langu-edge - the linguistic edge that sets you apart.

In a fast-paced, global environment, English is no longer just a subject.

It is a tool. A skill. A strategic advantage. A weapon that empowers you to think, express, innovate, and lead.

Come, sharpen your linguistic swords with us !!!

An Unparalleled Legacy !

Yes, the stories that you have heard about us are all true. For years (pre-pandemic), parents would wait in queue from midnight till the next morning for admission. Post pandemic, the Google form tokens are generated and admissions for many of the batches are full in seconds. And this, in the day and age of marketing, is without any advertisement. **Isn't this what real goodwill means ?**

Very rarely do we come across brands that stand the test of time. They, brick by brick, have constructed a giant reputation for themselves. And still continue to do so. Known for our reliability, consistent results, cutting edge technology and rare artistry, we are proud to be counted as one. Due to our consistency of passion, purpose and performance. Due to our refusal to give in to the temptation of over expansion. Since the last 14 years, we have been firmly planted only at our two centres. That's where the quality comes from !

For more than a decade, our name has become synonymous with excellent learning and excellent results. For years we rule both, the charts and the hearts. It isn't an exaggeration to say that we find ourselves in a space of our own. And our legends still continue to grow.

Testimonials

English is an artful subject, especially when it comes to timelessly nuanced plays by Shakespeare or multi-layered lyrical poems and stories. It was truly fun learning English with Vikram Sir and Kripa Ma'am. They turned grammar rules into songs, gave us keyword tests to check our retention of the text, solved prelim papers from other schools for extra practice, and solved our doubts every single time with constant encouragement and enthusiasm, even at the last minute, with the 'There 4 U' helpline.

Sir and Ma'am's fun and vibrant style of teaching, filled with jokes, laughter, and productive learning, made each class feel refreshing. My confidence in the subject drastically improved after joining VEA, and I am extremely grateful to Ma'am and Sir.

From discipline to interactive and fun lessons, VEA had it all. I have been a part of Vikram's English Academy since 8th standard. The group activities conducted during classes helped in building my thought process while writing an essay. Kripa ma'am made Haunted Houses fun, if you get the irony ;). Vikram sir explained each and every line of Julius Caesar with great passion and turned one of the most difficult parts of Literature into the most memorable and humorous ones. I still have all the lines etched in my mind due to the keyword tests conducted every lecture. Kripa ma'am had to face one of the toughest battles this year (loss of her father) yet she showed up to diligently teach us. Such teachers are rare to find. Both the teachers have put such great passion and determination in teaching English with love that they made us fall in love with English.

Vikram Sir's classes never felt boring. Whether it was Language or Julius Caesar, he had a unique way of making every lesson fun, engaging and entertaining. His enthusiasm made us look forward to every class. Kripa Ma'am simplified even the most complex poems and stories with ease. She made Literature easy to understand and appreciate, helping us discover meanings and perspectives we might have otherwise missed. Both Sir and Ma'am constantly encouraged me and showed great confidence in my abilities. Both of them are not only exceptional teachers but also incredibly cool, approachable and supportive mentors. Achieving an average score of 99 in English is something I am extremely proud of and it would not have been possible without their personal attention, guidance, encouragement and unwavering support.

Yash Jain - 1st in Gopal Sharma School - 99/100 in English (Average) (English & Overall Topper) at ICSE 2026

When I joined the classes, English felt like a subject that required endless memorization and practice. However, the way concepts were taught, made everything much easier to understand and remember. Every lesson was engaging, interactive, and filled with practical tips that helped me improve both my language and literature skills. What stood out the most was the constant support provided throughout the year. Whether it was clearing last-minute doubts, reviewing answers, or motivating us before exams, the teachers were always approachable and encouraging.

VEA was the only class where I didn't check the time every ten minutes because Sir and Ma'am kept us so amused and engaged that we never realized how quickly the lecture ended. Vikram Sir made Julius Caesar so easy that, as he spoke and explained, we were able to visualize the scenes. I may forget the lyrics of my favourite song, but I will never forget the dialogues from Julius Caesar, especially from Acts 3 and 5, because of the keyword tests and the charades game. The grammar songs made confusing rules super easy to understand and remember. The biggest improvement I could see in my English was in my writing skills. I developed an interest in writing because of the fun essay group activities Sir conducted and the discussions about numerous possible plots in every essay.

VEA showed me that even the driest topics can be made fun to learn. I'll always remember Vikram Sir's unique and engaging way of teaching grammar. The little songs, mnemonics, and examples he used made every concept feel so much simpler.

Kripa Ma'am had her own way of making the toughest chapters in Treasure Chest feel effortless. I still remember feeling completely lost reading The Pedestrian in school, but when Ma'am broke it down with her presentation, images, and videos, everything finally clicked.

Personally, VEA helped me the most with Julius Caesar. Sir didn't just explain it perfectly, he made me fall in love with the play. He helped me appreciate the beauty of Shakespeare's wordplay, something even some of our school teachers sometimes missed. We all know 10th grade can feel overwhelming. In that chaos, VEA made sure English was never a concern. At the time I didn't fully grasp how valuable the Grammar Hammers, KWTs, and practice worksheets on the website would be, but they made a huge difference.

"All the world's a stage" and you have shown us how to find our voice upon it each day. You taught us that "To thine own self be true," A lesson of wisdom that carries us through. When grammar seemed a stormy sea; Your guidance helped us learn with glee. "What's in a name?" the Bard once said; Yet your influence fills every page we've read. With patience, passion, and thoughtful care; You helped us dream, create, and dare. So with grateful hearts, I proudly say; Thank you for lighting our literary way. As I feel sad thinking about when we shall meet again; in thunder lightning or in rain, Until then let English be the food of love and let us Play again. Vikram's English Academy has been truly helpful for my ICSE journey. There are many key features in the academy that makes it more than a regular classes. The intensive care put into each student's education, makes it clear while the name of the academy stands heads and shoulders above the rest. 100/100 would have been unthinkable without VEA. **Shlok Banerjee - Euro School - 100/100 (Average of English 1 & 2) Board English Average Topper at ICSE 2026**

Looking back at my journey with Vikram's English Academy, I can honestly say that it has been one of the most enriching learning experiences for me and both the teachers have guided me at every step. I never felt hesitant to ask doubts because they were always approachable and ready to help. The study material was extremely comprehensive, and the regular tests, MCQs, revision sessions, keyword tests, Musical Grammar, and prelim papers from different schools exposed me to a variety of question patterns, helping me feel confident and well-prepared for the Board Exams. Vikram's English Academy didn't just help me improve in English—it taught me discipline, consistency, confidence, and how to approach exams smartly. Thank you for your hard work, patience, and dedication.

Dhruvi Jasani - 1st in NES School in English Language (100/100) & Board Language Topper at ICSE 2026

Learning English with Kripa ma'am and Vikram sir wasn't just about studying English or memorizing poems and essays. They taught me how to interpret, appreciate, and love English not only as a subject but also as a language. Their unique, fun, and humorous teaching methods helped me a lot during my entire 10th grade and Board exams. Their 24/7 helpline greatly reduced the pressure I felt before the board exams, as they would answer even the smallest doubts within minutes, right up until we entered the exam hall. Under their guidance, and with the tests, MCQs, and notes they provided, I was able to ace my English exams and make it my highest scoring subject.

Rashmi More - 1st in Vibgyor School in English Literature (100/100) & Board Literature Topper at ICSE 2026

I sincerely thank Vikram Sir and Kripa Ma'am for their unwavering support and dedication throughout the last two years. Their teaching went far beyond the textbook. Every topic was explained in depth through thorough research, and their unique approach to grammar made even complex concepts easy to remember effortlessly, rather than feeling difficult or overwhelming. The regular grammar and tense exercises strengthened my confidence, while the academy's website, featuring questions and answers from multiple schools, provided excellent practice. What truly made the difference was the way they connected lessons with real-life experiences, making every class engaging and helping us grow not only academically but also as confident communicators and thoughtful individuals.

Hazel Jino - 1st Bombay Scottish (Powai) 99/100 in English (Average of English 1 & 2) at ICSE 2026

As a person who has always been naturally passionate about the language, I enjoyed the enthusiasm, warmth and passion with which Vikram Sir and Kripa Mam taught us. Towards the beginning of 9th grade, their open-mindedness and warmth made me feel extremely comfortable to ask doubts and queries regarding the syllabus and made me feel a lot more confident about myself. Their constant efforts and dedication shaped me in a way I never expected. Their regular KWTs, chapter-based tests, prelims and other tests really helped me improve as the correction would always highlight and correct any minor mistakes made by me in order to help me avoid such errors in the future.

Harshi Tanna - 99/100 in English Literature - JK Singhania School

When I first joined these classes, I never imagined that English would become one of my favourite subjects. Julius Caesar, in particular, seemed far too difficult to understand, and scoring 100 in literature felt completely out of reach. However, Vikram Sir and Kripa Ma'am transformed that fear into confidence through their exceptional teaching. Every lecture was an experience in itself. Ma'am's habit of explaining Treasure Chest and helping us visualise every scene made us feel as though we were living the story rather than simply reading it. The support extended far beyond the classroom. Every time I read my essays aloud, Sir and Ma'am patiently corrected even the smallest grammatical mistakes and encouraged me to express my ideas more effectively. The 'Milestone' Lecture was another unforgettable experience that inspired me to believe in myself and work harder than ever before. The last-minute practice sessions, the 24-hour helpline for every little doubt or panic, and the heartwarming surprise of Sir and Ma'am visiting our school to wish us luck before the exam reflected how deeply they cared about each and every student.
